

Infant to Toddler Room Transition Plan:

Once your child is nearing their first birthday, Big Fish Academy staff will be checking if your child meets the following criteria to move to the toddler classroom:

- Have their 1st birthday.
- No longer need a bottle during child care hours.
- Able to drink from a sippy cup
- Be able to walk or be able to hold their own with walkers moving around them.
- Be able to only take 1 nap per day.
- Be able to sit at the table and eat solids- no infant food and able to feed themselves.
- Be able to sleep on a mat for a nap.
- No pacifier or security item except for a nap.

If these milestones have been met, our staff will talk to you about making the transition to the toddler classroom. Good news, the tuition decreases slightly!
